

## Comments:

PhD-holder's faculty represents the majority of the program faculty and all are full-time operators followed by junior master-holders staff. The number of non-PhD holders to be increased to benefit for technical support of the teaching and research activities.

As evident from the above data, the percentage of non-Saudi teaching staff, in relation to Saudi teaching staff, in the university branches is also about 40.7%.

\*\*Attach a detailed list for teaching staff including the following (name, gender, nationality, degree, mode of study (on-campus, distance education), academic rank, general and specific specialty, institution graduated from, and list of current courses taught in the current academic year).
